

Pastor's Corner

My Brothers and Sisters:

Happy Holy Week and Easter Everyone! Our continued prayers for your health and security. It is time to switch out some of my home purple candles for white ones. Our God is a God of Death and Resurrection. God knows our experience. God gives a new life that anticipates the eternal life He has in store for us.

If you check the website at saintlawrence.net you can see links to some of the Masses I've said recently. And by going to archindy.org you can link to streaming Masses at the Cathedral. They also have different resources for these days.

I thank all of you who have communicated that you are missing Mass and the faces of everyone you know and love. I miss you also, and look forward to seeing all of you again.

Please continue to keep in your prayers everyone dealing either with COVID-19, or the effects the safe-at-home orders are having on their livelihood – as well as stress levels. Please keep praying for students, for teachers, and all those working through this time. Thank you for your assistance to all those around you in need. And thank you for your support of the parish during this time.

One of our major fundraisers, which allows us to help students afford Saint Lawrence School, is our Father Beechem Bingo. The Bingo evening has been postponed for the present time. But part of the fundraising, the on-line auction, is taking place this week April 14-16. You can register to bid on the items at: <http://qtogo.net/qlink/stlawrence>

In Prayer,

In Christ Our Lord,

Fr. Tom
